CTO / Principal Software Architect

Builds cloud products and teams that scale to millions and cuts time-to-market by 50%

Engineering leader with 20+ years of hands-on experience turning complex business ideas into reliable, scalable software. Grew a SaaS line to €1M ARR, cut Azure spend 30% (€120K/yr), and shortened deployments from 2 days to 45 minutes at 99.9% uptime.

SKILLS

Technical strategy & roadmapping · Microservices & modular monoliths · Team scaling & people management · .NET & C# architecture · Domain-Driven Design (DDD) · Recruiting, mentoring & coaching · Azure & cloud-native design · DevOps & CI/CD (Azure DevOps, Git) · Agile & Scrum leadership · Security & compliance

PROFESSIONAL EXPERIENCE

3MD Inc – Chief Technology Officer, Belgrade, Serbia *2022 – Present*

- Co-founded and defined the architecture of a SaaS trucking platform processing 500 req/s at 200 ms p95 latency.
- Hired and mentored a team of 10+ senior .NET engineers; set up the engineering ladder and OKR process.
- Cut the Azure bill 30% by collapsing 14 microservices into a modular monolith (AKS to App Service).
- Introduced automated CI/CD; deployments shrank from 2 days to 45 minutes.
- Introduced real-time cost dashboards and rightsizing routines; trimmed compute spend by €120K/yr and met ISO 27001 controls ahead of the audit.

Zühlke Group – Principal Consultant, Belgrade, Serbia *2017 – 2022*

- Closed a US$2M consulting engagement by designing an integrated investment advisory solution; delivered 107% YoY client growth.
- Architected a speech recognition platform on Azure Cognitive Services with transcript latency under 300 ms at a 99.9% SLO.
- Led the cloud capability for the SEE region; ran 12 masterclasses and certified 25 architects on Azure.
- Scaled the cloud practice from 6 to 28 engineers; 95% retention, three future principals promoted.
- Promoted twice in 3 years for impact on revenue and engineering excellence.

EPS – Head of Engineering, Belgrade, Serbia *2004 – 2017*

- Managed a 40-person department delivering internal line-of-business apps used by 10K employees.
- Standardized the SDLC and CI, raising on-time delivery from 60% to 92% within 12 months.
- Cut Severity 1 production outages by 40% in 12 months.

EDUCATION

- **Ph.D. in Computer Science** – University of Belgrade, 2010
- **M.Sc. in Software Engineering** – University of Belgrade, 2007
- **B.Sc. (Hons.) in Computer Engineering Management** – School of Business, 2004 (GPA 4.0/4.0)
